The diagram illustrates the inclusion of the `tesseract_kinematics` header file by two other source files. The header file is located at `tesseract_kinematics/include/tesseract_kinematics/kdl/kdl_inv_kin_chain_lma_factory.h`. The two source files that include it are `tesseract_environment/src/core/manipulator_manager.cpp` and `tesseract_kinematics/test/kdl_kinematics_unit.cpp`. Arrows point from the source files to the header file, indicating the direction of the include relationship.
